

Item# JID200R

iDye Table Top Rack

Rack Assembly Instructions:

1. Place one washer, ball bearing ring and then the other washer onto tube on the **lower bracket** (right above the hole). Hold in place.
2. Push cotter pin into hole under washers and ball bearing on **lower bracket**. Use pliers to secure cotter pin.
3. Place rack on top of **lower bracket**.
4. Insert header into the tube on the top.
5. Load with re-order tags. Start with any upper left-hand peg, and place the first tag "JID1400." Then, place tags around in numerical order until they are gone.
6. Load the rack with iDye color packets corresponding to the re-order tags.

Refills of all **Jacquard's** products are available.
