Pearl Ex Metallics look stunning on all surfaces, and the Duos are perfect for special effects! **Hot Copper** (697) is brilliantly reflective & highly opaque, while **Knox Gold** (690) is now the warmest and most reflective gold we offer. All the Duo colors are iridescent and shift hues depending on the viewing angle. **Duo Aqua-Blue** (695) and **Duo Blue-Purple** (696) are new, while the **Duo Green-Yellow** (682) is an old favorite we are welcoming

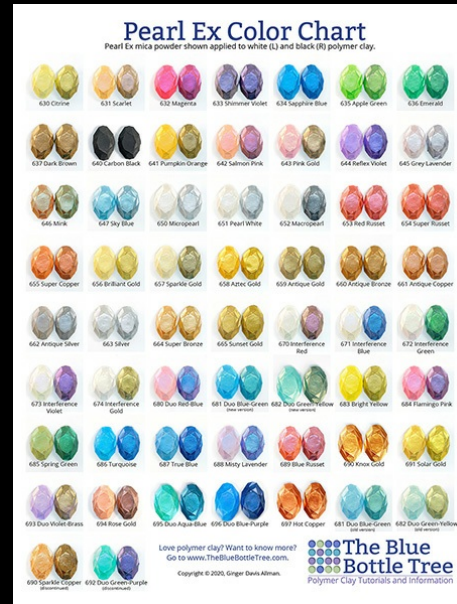

back.
