Body Art Transfer Paper!

Healdsburg, CA (September 11, 2017)

Now introducing [Body Art Transfer Paper](#) from Jacquard!

Body art made with [henna](#) and [jagua](#) lasts a long time (up to two weeks) and creating new designs directly on the skin can be nerve-racking. Body Art Transfer Paper can provide peace of mind! It is especially useful for transposing designs from paper (a sketchbook, magazine or computer screen, for instance) to the skin and imagining designs on the contours of the body.

VIDEO - Body Art Transfer Paper / Jacquard Spirit Paper

Using Body Art Transfer Paper:

Draw or trace a design on the the Transfer Paper and the pressure of your pencil will create an impact impression on the backside that can be easily transferred to the skin. Once transferred, simply trace the design with the henna or jagua. In this way, Body Art Transfer Paper can give you the road map and confidence to create flawless designs.

Spirit Paper and Jacquard Products:

Body Art Transfer Paper is a Spirit product brought to you in partnership with Jacquard. Trusted by professional tattoo artists for decades, Spirit Paper is behind virtually every great tattoo. Jacquard is excited to make this essential design tool available to distribution and retail channels and to henna and jagua artists everywhere for the very first time.

Easy-to-use!

1. Draw directly onto the white surface of the Transfer Paper (or place a printed image on top and trace it using plenty of pressure).
2. Apply a thin layer of lotion, water or oil to the skin at the site of the tattoo & place the transfer design onto the moistened skin.
3. Once the skin is dry, trace the design with the jagua or henna applicator.

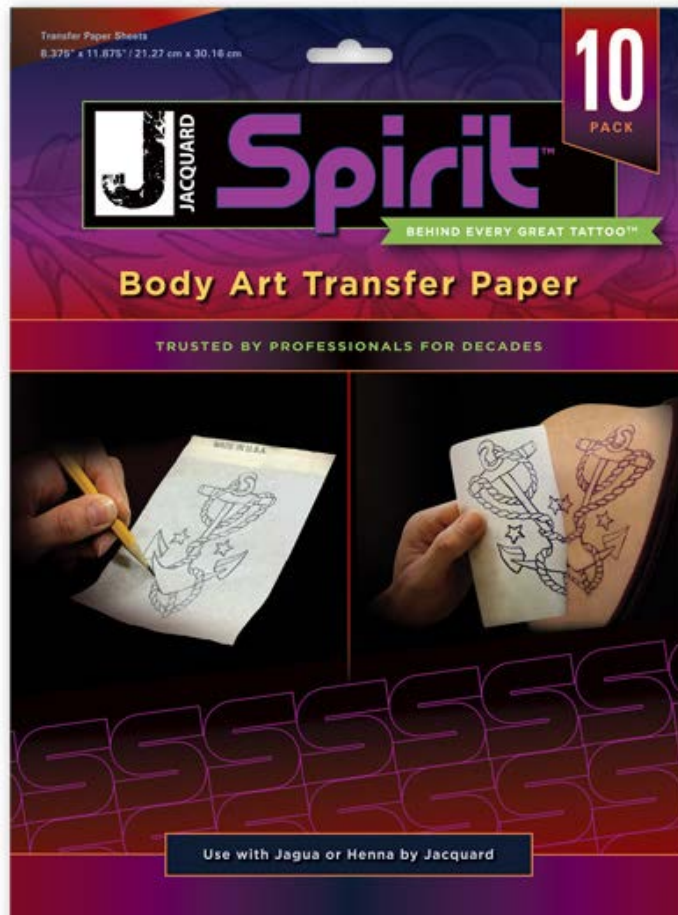

Body Art Transfer Paper
